

## Toshiba Canvio Cloud Software Download

Canvio® Personal Cloud

**To install the Canvio® Personal Cloud Software**

1. Insert the installation software CD into the CD-ROM Drive of the PC.

The installation wizard will run automatically.

2. If it does not, double-click on the CD icon to start the program. Select the application named **setup.exe**. Then go to Step 3.
3. If your PC does not have a CD-ROM Drive, open an Internet browser and go to Toshiba's website <http://www.toshiba.com/canvio> to download the software.
4. Download the installer application from this page.
5. Once it is downloaded, select **Install Software**.
6. To continue, click **OK/Next**.
7. To continue, click **OK/Next**.

To continue set the Product setup window, review and accept the **End User License Agreement (EULA)** and **Terms of Service**.

8. Click **Install**.
